

EXCELLENCE IN ELECTRICAL SERVICES AND MAINTENANCE

COMPANY OVERVIEW

Total Maintenance Solutions (TMS) is a proudly Geelong-owned and operated company, with more than 25 years of history delivering reliable, high-quality maintenance and contracting services across the Greater Geelong region and beyond. Over 25 years ago, the directors acquired a small maintenance organisation to form Total Maintenance Solutions Pty Ltd.

Now, more than two decades on, TMS brings together qualified electricians, accredited renewable energy specialists, and the region's only locally based automatic access experts under one trusted local team — offering a genuine 24/7 service across electrical, renewable energy and automatic access work.

MISSION STATEMENT

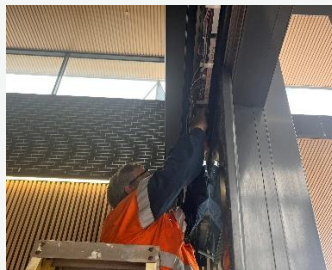

Total Maintenance Solutions is the Premium Maintenance Service Provider within the Geelong and Western Victorian region, through Quality, Value, Honesty, and Commitment — dedicated to serving customers with the highest calibre of safety and service, and building a caring, sustainable business for staff, customers and shareholders.

OUR SERVICES

ELECTRICAL

Licensed electricians delivering safe, reliable electrical solutions across every sector.

AUTOMATIC ACCESS

The region's only locally based automatic access specialists, on call around the clock.

RENEWABLE ENERGY

CEC-accredited design, installation and commissioning of solar, battery and EV charging.

24/7 EMERGENCY REPAIRS

ALWAYS ON STANDBY

Qualified electricians and automatic access specialists are always on standby, delivering a standard of response that is prompt, reliable, trusted and experienced.

PROMPT RELIABLE TRUSTED EXPERIENCED
